

## XADO LUXURY MOTO RACING OIL 10W-40 4T MA2 (UPGRADE VERSION)

### XADO Luxury Moto Racing Oil 10W-40 4T MA2

#### Super synthetic motor for 4-stroke engines of motor equipment.

Contains ESTER and REVITALIZANT® nanocomponent. Specially colored blue.

Applied for 4-stroke engines of motorcycles, scooters, all-terrain vehicles and other motor equipment.

Specially recommended for engines operating under heavy loads. This oil is suitable for touring, and especially for racing.

### Advantages

XADO Luxury Moto Racing Oil 10W-40 4T MA2 is a special super synthetic motor oil of the new generation for modern 4-stroke engines of motor equipment. Exceeds the highest level of special requirements for oils for 4-stroke motorcycle engines operating in loaded modes (high-speed, prolong maximum or/and dynamic loads). This oil is suitable for touring, and especially for racing, and can be applied under any conditions.

XADO Luxury Moto Racing Oil 10W-40 4T MA2 contains ESTER and REVITALIZANT® nanocomponent for high racing performance and excellent protection against wear. Effective for engines of road and off-road motorcycles with a dry and wet clutch. XADO Luxury Moto Racing Oil 10W-40 4T MA2 offers perfect protection from deposits, sludge and oxidation. Even under the most severe operating conditions, air absorption and foam building are minimized. XADO Luxury Moto Racing Oil 10W-40 4T MA2 has a very low volatility, which means that oil thickening and oil consumption are reduced to a minimum. Due to the presence of REVITALIZANT®, XADO Luxury Moto Racing Oil 10W-40 4T MA2 compensates the ongoing wear of engine assemblies and parts and maintains the engine on the highest technical level.

### Additional advantages:

- Specially developed for modern high-power 4-stroke engines of motorcycles, operating under heavy loaded modes (high speed, long-term maximum and/or dynamic loads)
- Super effective for engines of road and off-road motorcycles with dry and wet clutch
- Provides smooth gear change and reliable clutch operation of the engine clutch in the oil bath
- Due to the enhanced detergent properties, keeps the engine perfectly clean
- Provides extreme light running. Promotes excellent fuel economy
- Contains ESTER and REVITALIZANT® nanocomponent (Revitalization Factor RF=22.2).

### Technical info:

- Density at 20°C, kg/l - 0,848
- Viscosity at 100°C, mm<sup>2</sup>/s - 15,0
- Viscosity at 40°C, mm<sup>2</sup>/s - 90,1
- Viscosity index - 175
- Flash point, °C - >220
- Pour point, °C - <-36
- Base number, mgKOH/g - >7,7
- Sulfated ash, wt. - >1,0

### Application:

When using the oil, please consider recommendations of the manufacturer of the correspondent equipment.

### Requirements:

XADO Luxury Moto Racing Oil 10W-40 4T MA2 meets specification requirements:

SAE 10W-40; JASO MA2; API SN

### Package:

Can 1 L (XA 22276)
